Good Afternoon,

We are excited to have classes start up again next week. Here are a few reminders for you before starting back up.

DID MY PRE-CLOSURE CLASS REGISTRATION TRANSFER? Many of you have reached out to confirm if, since we are re-opening, you should show up for your usual pre-closure class time. **The answer is 'NO'**. As you can imagine, to accommodate social distancing, we've had to make some changes to our class schedule. Most of the previous classes do not exist at the same time so you **MUST** re-register for a class offering that currently exists. Please login to the [Parent Portal](#) or checkout [our website](#) to see what the new class offerings and times are.

UPDATE ON MAKE-UPS. If you are registering for classes this summer, we can work with you to schedule makeups outside of your current class. For those that would like to attend a makeup but not enroll at this time, we will accommodate them as best we can. Some of our summer offerings currently have low enrollment so it might be good to try to schedule them in the next few weeks before they get full or close. We'll know in early July which classes will have enrollment or sufficient enrollment to stay open so a class may not be available later this summer.

COMING BACK TO GYMFINITY. As you may recall from recent messages, the experience of entering Gymfinity is different. If you haven't already, [watch this video](#) about the new process. It may be good to talk your child(ren) through it a little bit beforehand so they aren't surprised or uncomfortable. Additionally, we have space for approximately 16 people in the lobby to observe classes. As we discussed, when feasible, we hope that many will be willing to alternate weeks. We've got LOTS of space behind the gym for sitting, reading or working on your laptop. Feel free to throw a lawn chair in your trunk and just hang out. Did you know that we are also less than a quarter mile from Military Ridge Trail? A quick walk in nature may be a good option as well.

NON-COVID RELATED ILLNESS POLICY. We've had some questions about illness and when it's appropriate, in non-COVID situations, for students/athletes to return to the gym. If the symptoms are related to anything other than COVID, when they are symptom free for 48 hours, they may return to the gym. Obviously, for COVID related illnesses or exposures, we'd ask that you follow the 2 week guidelines.

Please let us know if you have any questions regarding our reopening.
